Abortion in American History - The Atlantic In Abortion and American Politics, Barbara H. Craig and David M. O’Brien tell the story of this explosive social issue, from the Supreme Court’s landmark 1973 decision that legalized abortion to the present day. The authors explore the political, legal, and cultural factors that have shaped the abortion debate, and examine the impact of the Supreme Court’s 1992 decision in Roe v. Wade on the political landscape.

Abortion and American Politics: Can a single issue bring down a republic? In Abortion and American Politics, Barbara Hinkson Craig and David M. O’Brien argue that abortion is a significant political and social issue, and that efforts to manipulate the issue for political gain have been a major factor in the polarized debate.

Abortion and American Politics - The American Experience - The Atlantic In Abortion and American Politics, Barbara Hinkson Craig and David M. O’Brien examine the role of abortion in American politics, from the early 20th century to the present day. The authors explore the ways in which the issue has been used as a tool for political gain, and examine the impact of the Supreme Court’s decision in Roe v. Wade.
