Janice VanCleave's A+ Science Fair Projects

Janice Pratt VanCleave

Janice VanCleave's A+ Science Fair Workbook and Project Journal is part of the A+ series of handbooks and project journals by Janice VanCleave. This edition is designed for grades 7-12 and contains 352 pages. It was published by John Wiley & Sons Inc in August 2003. This workbook provides guidance and support for students preparing for science fairs. It includes project ideas, experiments, and activities to help students develop their projects, ensuring they are well-prepared for the competition. The guide is structured to help students answer questions through the scientific method, making it an invaluable resource for both educators and students alike. Janice VanCleave's A+ Science Fair Projects offers an engaging and educational experience for young scientists, helping them to excel in their projects and at the science fairs.
